PETITION FOR CORRECTED FILING RECEIPT

Sir:

Enclosed is a copy of the official Filing Receipt for patent application serial number 09/604,470. The filing date of June 27, 2000 noted on the official Filing Receipt is incorrect. The correct filing date is June 26, 2000, the date that the application was deposited in the U.S. Post Office (USPS) as Express Mail Post Office to Addressee. 37 C.F.R. §1.10(a) This is proven by the enclosed copies of the Express Mail label and Express Mail order slip for this patent application, which show a date of deposit with the USPS of June 26, 2000. 37 C.F.R.

§1.10(c) Also enclosed is a copy of an internal log book record of the date this patent application was deposited with the United States Post Office. All of these documents correctly show a date of deposit with the USPS of June 26, 2000.

Also enclosed is the first page of the patent application which displays the same Express Mail number that appears on the Express Mail label. The Express Mail number was placed on the patent application prior to the original mailing by Express Mail. Therefore, it is respectfully submitted that the applicant is entitled to a filing date of June 26, 2000. 37 C.F.R. §1.10(c) Please issue a Corrected Filing Receipt to correct this error.

The foregoing error in the filing date of application serial number 09/604,470 is believed to be the responsibility of the Patent Office. If any fee is deemed to be due in connection with this Request, the Patent Office is hereby authorized to charge the fee to Deposit Account No. 06-1075. A duplicate copy of this Request is enclosed.

Respectfully submitted,

I hereby Certify that this

INTERACTIVE TELEVISION PROGRAM GUIDE
SYSTEM AND METHOD WITH NICHE HUBS

This application claims the benefit of U.S.
Provisional application Serial No. 60/141,501, filed
5 June 28, 1999.

Background of the Invention

This invention relates to interactive
television program guides, and more particularly, to
10 interactive television program guide features organized
into niche hubs.

Interactive television program guides allow
users to view television program listings on their
televisions. Such program guides allow users to view
15 television program listings in different display
formats and to perform various other functions. For
example, a user may instruct the program guide to
display a channel-ordered grid of current program
listings.

20 Many program guides allow a user to view
television programs in a specified category. The
program guide may display programs in a desired
programming category such as sports or movies. If
desired, the program guide may be used to order pay-
25 per-view programming.

Data entry by : SYDNOR, RUTH

Date: 08/31/2000

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15 (b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
